ACHIEVIA

TERMS OF SERVICE

Medical Technology Licensure Examination Review Platform

Version dated 28 October 2026 • Effective upon publication in the ACHIEVIA application

Please read these Terms of Service (the "Terms") carefully. They govern the use of the ACHIEVIA Android and iOS applications, available educational content, account features and related purchases. By selecting the required agreement checkbox and registering, you agree to these Terms, subject to mandatory rights under Philippine law.

> **KEY PURCHASE TERMS**
>
> **Important:** Subscriptions do not auto-renew. Mother Notes are a separate purchase, and access to purchased Mother Notes does not expire merely because a subscription ends.

PRODUCT	PRICE	ACCESS PERIOD
1-month access	₱299	30 consecutive days
3-month access	₱599	90 consecutive days
6-month access	₱999	180 consecutive days
12-month access	₱1,699	365 consecutive days
Mother Notes	**₱999**	**One-time purchase; lifetime access and updates while product is offered**

01 The ACHIEVIA Service

"ACHIEVIA", "we", "us" and "our" refer to the operator of the ACHIEVIA educational review service. "App" means the ACHIEVIA Android or iOS application. "Services" include review questions, practice quizzes, mock board examinations, study tools, learning analytics, leaderboards and digital review products made available through the App.

ACHIEVIA is designed initially for preparation for the Philippine Medical Technologists Licensure Examination (MTLE) and is intended for use within the Philippines. Its official website, https://achieviareview.com, provides general information about the App only. Registration, subscriptions, Mother Notes purchases, paid checkout and access to review features are available only through the ACHIEVIA Android and iOS applications, not through the website.

02 Acceptance of Terms and Eligibility

You must affirmatively select the registration checkbox agreeing to these Terms and acknowledging the Privacy Policy before completing registration. The checkbox must not be preselected. If you do not agree, do not create an account or use the Services. If the Terms change materially, the notice process in Section 22 applies.

ACHIEVIA does not impose a universal minimum age in these Terms; however, registration, purchases and use of the Services are subject to applicable Philippine laws, relevant app-store rules, and parental or legal guardian consent or involvement where legally required. A parent or guardian who authorizes a minor's use should supervise that use and any purchase.

03 Registration and Accuracy of Information

Registration may be completed using an email address and password, Sign in with Google, or Sign in with Apple, subject to availability. You must supply a genuine full name and accurate information. Required registration details include your full name, date of birth, email address, school or educational institution, and general residential location (barangay, city or municipality, and province). A complete street address or house number is not required for ordinary registration.

You must keep your account information reasonably current. False identities, impersonation, misleading information, and using additional accounts to obtain repeated trials are prohibited. Any additional information required for an in-app purchase will be shown in the App or by the relevant app-store payment provider, as explained in the Privacy Policy.

04 Personal Accounts and Device Access

Each ACHIEVIA account is strictly for one individual. You may use your account on multiple personal Android or iOS devices, including simultaneously, provided that you are the only individual using the account. Sharing, transferring, lending, renting or selling an account, or allowing another person to use your credentials, is prohibited.

You are responsible for safeguarding account credentials and promptly reporting unauthorized access to achieviaph@gmail.com. We may apply reasonable verification and security controls to protect accounts and purchases without imposing an undisclosed single-device rule.

05 Five-Day Limited Free Trial

Each eligible individual is entitled to one five-day free trial. The trial starts immediately upon successful account registration and expires five consecutive days later, whether or not you have opened or actively used the App. It provides limited access to selected features and does not include unrestricted premium content or a purchase of Mother Notes.

The free trial requires no automatic conversion to a paid subscription and does not result in an automatic charge when it ends. Attempts to claim multiple trials through duplicate accounts, false identities or other circumvention may lead to account restrictions or termination.

06 Subscriptions and Access Periods

An active paid subscription grants access to the premium review features then included in the App, including available question banks, quizzes, mock board examinations, progress tracking and study tools. All subscription durations provide the same core premium access; the price and duration differ. Mother Notes are not included in any subscription.

Each paid subscription is a fixed-term, non-automatically renewing purchase that begins immediately when successful payment is confirmed: 30 days for the “1-month” plan, 90 days for the “3-month” plan, 180 days for the “6-month” plan, or 365 days for the “12-month” plan. These are fixed-day periods, not calendar-month calculations. The applicable expiry time is based on the confirmed activation timestamp.

The subscription expires automatically at the end of the purchased period without an automatic renewal charge. ACHIEVIA does not offer early renewal through its ordinary purchase process; users may purchase a new subscription after the current one expires. Any transaction completed through an app-store mechanism will be administered consistently with the applicable platform rules and your purchased entitlement.

07 Prices, Checkout and Payment Processing

Current published prices are in Philippine pesos (PHP) and are shown in the table above. Subscriptions and Mother Notes may be purchased only inside the ACHIEVIA Android and iOS applications. The final payable amount, including any applicable taxes or disclosed fees, will be displayed in the App or relevant app-store checkout before purchase confirmation. Promotional prices, if offered, will be governed by their published conditions.

Payments for eligible digital purchases inside the iOS App are processed through Apple In-App Purchase; payments inside the Android App are processed through Google Play Billing. ACHIEVIA does not offer subscriptions, Mother Notes purchases or payment checkout through achieviareview.com. Payment methods and payment processing are subject to the applicable app store’s terms, purchase flow and security checks.

A paid entitlement is activated after ACHIEVIA receives successful payment confirmation and links the purchase to the relevant ACHIEVIA account. Users should retain receipts, use the correct ACHIEVIA account, and contact support if a confirmed payment has not been reflected.

08 Cross-Platform Purchases and Restoration

Purchased subscriptions and Mother Notes are linked to the user’s ACHIEVIA account, not exclusively to the device or app store used for payment. An eligible purchase completed inside the iOS or Android App through Apple or Google may be accessed on both supported platforms by signing into the same ACHIEVIA account, subject to account status, valid entitlement and platform requirements.

If a purchase does not appear, contact support with a valid proof of payment. We may require a reasonable ownership check. Cross-platform use does not permit account sharing, duplication of purchases for other users or circumvention of app-store rules.

09 Mother Notes: Separate One-Time Purchase

Mother Notes cost ₱999 as a separate, one-time purchase. The purchase grants the original buyer an individual, non-transferable license to access the purchased Mother Notes in the App for the lifetime of the product as offered by ACHIEVIA, and to download the available PDF files for personal educational use. A paid subscription is not required to keep purchased Mother Notes accessible: Mother Notes remain available even when a premium subscription expires.

While the product is offered and the purchaser’s account remains in good standing, the Mother Notes purchase also includes, at no additional charge, corrections, revisions, additions and new editions of the purchased Mother Notes product. “Lifetime” does not mean that cloud hosting or the App will operate indefinitely; the discontinuation protections in Section 23 apply. Separate future products, if any, are not automatically included unless ACHIEVIA expressly states otherwise.

10 Mother Notes Downloading, Printing and Security

Mother Notes PDFs may be downloaded and viewed offline and may be printed solely for the original purchaser's personal study. Files are protected through purchaser-name watermarks and PDF encryption or comparable technical restrictions. You must not remove, obscure or alter the watermark, circumvent security controls, defeat encryption, or allow another person to obtain an unauthorized copy.

You must not distribute, share, publish, upload, sell, license or commercially reproduce either digital PDFs or printed copies. These restrictions apply even when a copy has been lawfully downloaded or printed, except to the extent applicable law expressly permits an activity that cannot lawfully be restricted by contract.

11 Intellectual Property and Limited License

The App, interface, databases, questions, explanations, mock examinations, Mother Notes, branding, graphics, software and other materials are owned by ACHIEVIA or used under authorization from their respective rights holders. Payment purchases access or a limited personal-use license, not ownership of intellectual property.

Subject to these Terms, ACHIEVIA grants you a limited, revocable as permitted by law, non-exclusive, non-transferable license to access the Services and use purchased materials for individual educational purposes. No commercial, public-distribution, sublicensing or derivative-work rights are granted without prior written authorization. Any rights not expressly granted are reserved.

12 Prohibited Conduct and Anti-Piracy Measures

You must not, without authorization, capture screenshots or screen recordings of protected review content; copy, scrape, extract, reproduce or redistribute questions or examination content; upload review materials to third-party sites or artificial-intelligence datasets; remove copyright or watermark notices; use bots or automated access; reverse engineer the App except where mandatory law allows; interfere with platform security; or sell or share paid access.

You must also not commit payment fraud, abuse refunds or free trials, impersonate others, submit deceptive account details, or attempt unauthorized access to user data or systems. ACHIEVIA may use reasonable technical controls, watermarking, usage monitoring and investigation to protect the Services, consistently with the Privacy Policy and applicable law.

13 In-App Leaderboards

ACHIEVIA may display rankings based on study streaks, time spent studying, or other learning metrics. Participation is part of the experience for eligible users, and each ranking may display the user's registered full name. Leaderboards are visible only to users within the ACHIEVIA App, not published by ACHIEVIA as public website rankings or social media posts.

By joining the App, users are informed of this in-app disclosure. Data processing and rights relating to leaderboard information are explained in the Privacy Policy and remain subject to Philippine data protection law. ACHIEVIA may remove fraudulent rankings and correct inaccurate metrics.

14 Accuracy, Educational Purpose and Examination Outcomes

ACHIEVIA is an independent educational review platform. It is not a government licensing authority and does not represent that it is affiliated with or endorsed by the Professional Regulation Commission or any examination body unless expressly and accurately stated. Review questions, explanations and Mother Notes are educational resources, not official examination papers.

We endeavor to keep content scientifically accurate and relevant; however, educational information may contain errors, become outdated, or differ from an actual examination. Users should verify critical information using authoritative references. Purchase, study streaks, practice scores and App use do not guarantee examination eligibility, a passing result, licensure or employment.

15 Content Changes and App Features

ACHIEVIA may add, revise, correct, replace, reorder or remove subscription-based review questions, mock examinations and other learning materials as part of routine quality improvement. These changes are included in an active subscription without an additional content-update charge. We may also modify or retire features for legitimate technical, security, educational or legal reasons, subject to applicable consumer rights concerning material nonconformity.

16 Connectivity, Maintenance and Availability

An active internet connection is required for App-based question banks, practice quizzes, mock boards, progress tracking and other online features. Downloaded Mother Notes PDFs may be used offline, subject to the purchaser's device, compatible reader, encryption and security settings.

The Services may occasionally be unavailable due to maintenance, upgrades, technical issues, network failures, security incidents or factors outside our reasonable control. Subscription time ordinarily continues to run during temporary interruptions; interruptions do not automatically extend a subscription. This does not affect legally required remedies for material service failures or nonconforming digital services.

17 Subscription Expiration and Saved Learning Progress

When a subscription expires, premium review access ends until a new subscription is purchased. Saved scores, examination history, study statistics and other learning progress remain associated with the user's account and are made accessible again following an eligible subscription renewal, provided the account and data remain available under our Privacy Policy and applicable law.

A subscription's expiration does not revoke a separately purchased Mother Notes license. Mother Notes remain accessible through the user's account while that account is in good standing and the product remains offered.

18 Account Archiving, Reactivation and Privacy Requests

ACHIEVIA's ordinary account-closure process is to archive or deactivate an account rather than routinely deleting all related records. Archived accounts may be reactivated after reasonable identity verification; retained progress and eligible purchase history are restored. Previously expired subscriptions remain expired, and valid Mother Notes access is restored where applicable.

Archiving does not authorize indefinite retention of personal information. We will review and honor valid requests for access, correction, objection, blocking or erasure of personal data under Republic Act No. 10173 and applicable rules, while retaining only information justified by law, contracts, legal claims, security or other lawful purposes. Further details appear in the Privacy Policy.

19 Suspension, Termination and Consequences

For a serious or verified violation of these Terms, including piracy, unauthorized account sharing, fraud, security abuse or illegal conduct, ACHIEVIA may suspend access immediately or permanently terminate the offending account without an advance warning, where lawful and appropriate. We may investigate suspected violations and apply proportionate security measures. Users may contact support to challenge an apparent error.

Permanent termination ends access to the App, online premium services and the ability to re-download Mother Notes or receive future Mother Notes updates. However, a former user who lawfully downloaded purchased Mother Notes PDFs before termination may retain and use those existing PDFs privately, subject to their license, security protections and these Terms. The user must not distribute those files. Termination generally does not entitle a user to a discretionary refund for unused subscription time; mandatory legal remedies remain unaffected.

20 Refunds, Billing Errors and Consumer Rights

Refund requests are reviewed individually based on the facts and applicable legal requirements, including verified duplicate charges, non-delivery of purchased access, substantial technical failures and other relevant circumstances. A refund is not automatically available solely because a user changed their mind, stopped studying, did not pass an examination or did not use all purchased days. This discretionary policy does not restrict remedies required by Philippine consumer law.

For purchases processed through Apple In-App Purchase or Google Play Billing, refund eligibility and processing may be administered through the relevant app-store channel under its applicable policies, without removing mandatory statutory rights. For a missing entitlement, billing error or related support concern, contact achieviaph@gmail.com with your purchase date, app-store receipt or transaction reference and a description of the issue. Never email passwords, full card numbers or one-time passwords.

ACHIEVIA will provide an accessible complaint-handling process. Where the Philippine Internet Transactions Act applies, an internal complaint mechanism is deemed exhausted if an unresolved complaint remains pending after seven calendar days from filing, without prejudice to available rights and remedies.

21 Price Changes and Existing Purchases

ACHIEVIA may change the prices of plans or products for future purchases by updating its in-app pricing and checkout information. A price change will not increase the price already paid for an active subscription or shorten its purchased term. A user who has already purchased lifetime Mother Notes will not be charged again for the purchased product or its included updates while those benefits remain available.

22 Changes to These Terms and Notices

We may update these Terms to reflect changes in features, business practices, security needs or law. For material changes, ACHIEVIA will ordinarily provide at least seven days' advance notice by email or in-app notice, or a longer period where required by law. Urgent security or legal changes may take effect sooner where lawful, with notice as soon as reasonably practicable.

Updated Terms will identify their effective date when published. Continued use after a lawfully notified effective date constitutes acceptance to the extent permitted by law; where renewed affirmative consent is legally required, we will request it. Material changes will not retroactively remove vested paid benefits or statutory rights.

23 Permanent Discontinuation of the Service

If ACHIEVIA decides to permanently discontinue the App or Mother Notes hosting, we will provide reasonable advance notice whenever practicable through the App, website or registered email. We will make reasonable arrangements for users who purchased Mother Notes to download available purchased files before closure, subject to security and applicable law. Previously downloaded PDFs remain licensed for personal educational use.

Any refund or other remedy required by applicable consumer laws for unfulfilled paid services will be respected. No provision here guarantees that ACHIEVIA will operate, host files or release updates forever following permanent discontinuation.

24 Privacy and Personal Information

The Privacy Policy explains ACHIEVIA's personal data collection, purposes, lawful bases, security measures, retention, sharing and data subject rights. Information relevant to operating the Service includes account identifiers and contacts, date of birth, school, general home location, login-provider data, purchases, examination history, learning metrics and leaderboard information. Payment providers process the information necessary to handle transactions under their respective notices.

Users may contact achieviaph@gmail.com about privacy inquiries or requests. Nothing in these Terms waives rights under the Data Privacy Act of 2012 or other mandatory laws. The Privacy Policy should be read together with these Terms and separately displayed before registration.

25 Third-Party Providers and App Stores

ACHIEVIA relies on third-party services such as Apple In-App Purchase, Google Play Billing, hosting providers and technical service providers to operate supported features. Their services may be subject to separate applicable terms and notices. ACHIEVIA remains responsible for its own obligations under law and its agreements; references to third parties do not imply their endorsement of ACHIEVIA.

Apple and Google are not parties to these Terms between you and ACHIEVIA, except to the extent an applicable store agreement provides otherwise. Any consumer rights arising from a transaction processed by an app store remain subject to its requirements and applicable law.

26 Service Disclaimers and Liability

To the maximum extent permitted by Philippine law, ACHIEVIA provides the Services with reasonable care appropriate to the digital educational product, but does not warrant uninterrupted or error-free operation, universal device compatibility, or a particular licensure-examination outcome. We do not exclude warranties, statutory rights or guarantees that cannot legally be excluded.

To the maximum extent allowed by law, ACHIEVIA is not responsible for losses caused solely by factors beyond its reasonable control or by misuse of the Services. Nothing in these Terms limits liability for fraud, willful misconduct, or other liability that Philippine law does not allow to be limited or excluded. Any limitations apply only where enforceable and do not override mandatory consumer remedies.

27 User Responsibility and Indemnification

You are responsible for lawful and authorized use of your account and materials. To the extent permitted by applicable law, you agree to reimburse ACHIEVIA for reasonable, proven losses and third-party claims directly caused by your intentional unlawful conduct, material copyright infringement, or fraudulent misuse of the Services, subject to established legal defenses and protections. This provision does not relieve ACHIEVIA of its own legal obligations.

28 Governing Law and Complaint Resolution

These Terms are governed by the laws of the Republic of the Philippines. Please first contact achieviaph@gmail.com with a clear description of any concern and relevant transaction details so ACHIEVIA can attempt to resolve it through its internal complaint process. Nothing prevents users from referring complaints to the Department of Trade and Industry, National Privacy Commission or other appropriate authorities where legally available.

Any unresolved legal dispute may be brought before a court or tribunal in the Philippines having lawful jurisdiction and venue, subject to applicable consumer, procedural and mandatory jurisdiction rules. These Terms do not require private arbitration or waive statutory access to government complaint mechanisms.

29 General Provisions

If any provision is found unenforceable, the remaining lawful provisions continue to apply to the extent they can operate independently. ACHIEVIA's failure to enforce a provision on one occasion is not a waiver of future enforcement. A user may not transfer their account or purchased license to another person without ACHIEVIA's written authorization, except where mandatory law provides otherwise.

These Terms, the referenced Privacy Policy, the applicable checkout disclosures and any expressly stated promotional or product-specific conditions form the governing terms for the relevant use or purchase, subject to mandatory law. If a mandatory Philippine consumer or privacy rule conflicts with these Terms, the mandatory rule prevails.

30 Contact Information

For customer support, refund requests, account or privacy concerns and legal notices, contact:

Email: achieviaph@gmail.com

Website (general information only): https://achieviareview.com

By registering for ACHIEVIA and checking the required agreement box, you confirm that you have read and agreed to these Terms of Service, subject to applicable law.
